*"I am absolutely blown away! As great as the show's videos and promotional materials are, nothing prepares you for the impact of actually seeing this show "live." And all the legends we had in the house that magical night.... to see them give Toni and David a five minute standing ovation....that says it all. I've never seen a show like this, or an entertainer like Toni Morrell. Words don't do it justice. Just go see the show!"*

*"I blew off all other responsibilities to watch every minute of your performance. Kudos to you for creating a piece that beautifully showcases your talents, pays tribute to the Ladies, and does it all with superb pacing, variety, and, most pleasantly to me, obvious love of the subject. I look forward to the next time our paths cross - as I'm sure they will. All good wishes for future successes."*

*"The Ruth B. Shannon Center for the Performing Arts had the distinct pleasure of presenting Toni Morrell and David Dial in their show, "Remembering the Ladies." Toni and David are great to work with, the show was fantastic, with perfect integration of live performance and video, and the audience loved it! As soon as the show was over, members of the audience were asking when we were going to have them back. This is one of those shows where everyone comes out a winner!!"*

*"What a show! Our audience loves "Remembering the Ladies" so much, we've brought it back to The Grove three times! Toni & David are super-talented and so professional to work with. There's not another show like it. So original and well conceived. Fabulous! Screen legend Tippi Hedren was in the audience one night! FABULOUS!"*

*"Remembering the Ladies" is a truly unique and wonderful show! To call singer, actress and entertainer Toni Morrell an impressionist would be a misnomer, for this very talented and dynamic vocalist shines as an Artist in her own right. She somehow captures the essence of what made these legendary femmes of the stage, screen and television so captivating; conveying it through her stories, songs and supporting video. Bravo!"*

*"Well, you made me look good AGAIN! Your Encore Performance was an even more resounding success than the first time you performed for us a couple of years ago. And what a delightful surprise when the legendary Barbara Eden came up onstage during your show and danced with David and then chatted about her life with you, Toni. No-one could believe it when she was in her early 80's! Your show really focuses on enjoying life at any age, or as you say, "80 is the new 50!" and I think that is a big part of what makes your show so special. It's inspiring, uplifting and one of the best shows we've seen here!"*

*"I saw Toni's show again last night and she blew me away... A 3-minute ovation in the middle of Act 1 for the Edith Piaf Medley. My daughter loved it, the 80-year-old couple loved it, the gay guys loved it; something for everybody. I could not be prouder... A standing ovation EVERY PERFORMANCE! Several celebrities came out to see the show!"*
